BROADVIEW WELCOMES CHRIS HOLWERDA

Broadview is pleased to announce the addition of Chris Holwerda to our team!

Chris will use his engineering experience to support Broadview's engineering team. Chris is skilled in product design using ProE. Chris reports to Matt Ruster. You may contact Chris at ChrisH@broadviewproduct.com or call 616-772-4560.

DO YOU KNOW THE VERSATILITY OF CAST URETHANES?

Broadview can provide cast urethanes, offering a wide range of versatility. Urethanes can be cast in many colors and clear. They can have textured finishes as well as flexible parts ranging from 10 Shore A to 95 Shore A. Our urethanes can simulate Polypro, HHABS, Polycarbonate, nylon, and glass-filled nylon. Feel free to call or email with your questions on urethane capabilities!

BROADVIEW WISHES ALL OF YOU A HAPPY THANKSGIVING

We appreciate your business and hope you enjoy your Thanksgiving Day weekend.
